There is no such thing as a clear, straight path without landmines. Each day, we face the threat of stepping on a spiritual landmine and suffering the sorrow and devastation this brings. When we step on one of the enemy's landmines, the explosion that follows usually has an adverse effect on our relationships with God and with others, as

Dr. Charles Stanley identifies seven destructive temptations and gives Christians the hope and skills they need to live an abundant and obedient life. Sometimes these dangers come in subtle, secretive schemes—landmines hidden along our paths. These landmines, once detonated, can paralyze us spiritually and stop us from living an abundant and obedient life.

A land mine is an explosive device concealed under or on the ground and designed to destroy or disable enemy targets, ranging from combatants to vehicles and tanks, as they pass over or near it. Such a device is typically detonated automatically by way of pressure when a target steps on it or drives over it, although other detonation mechanisms are also sometimes used.
