A key objective for Perseverance's mission on Mars is astrobiology, including the search for signs of ancient microbial life. The rover will characterize the planet's geology and past climate, pave the way for human exploration of the Red Planet, and be the first mission to collect and cache Martian rock and regolith (broken rock and dust).

Scientists have shared details of the alien soil and rock samples that landed on Earth following a space recovery project. Small fragments taken from an asteroid named Ryugu were scooped up by the Hayabusa2 spacecraft that touched in Australia earlier this month.. The samples were onboard the spacecraft that was sent by the Japan Aerospace Exploration Agency on a 372-million mile round trip.

A key difference however, is that the Fists combine the formidable wisdom contained in the Codex with actual brains and thus win more battles than the smurfs. Basically, their organization is the same as the Ultramarines, but they view the Codex the same way Captain Titus does: as a useful set of guidelines and advice rather than a set of rules.

RAPTURE is a term used to describe the removal from the earth of all that are born–again, as evidenced by their repentance, love, following Jesus, and obedience to God’s Word. “Few fit this description.” The key is devouring God’s Word daily and letting It change you. Excuses do not lead to heaven.
